

Disrule er et stonerrock band fra Silkeborg. Dannet i 2014 af NP Nielsen (The Candidate), Søren Dybdal (Division666), Frank Sørensen (ex-Leech Feeder) og Allan Segalt fra det midtjyske kultband Blomst! Disrule koger deres stonerrock ned til dens basiske ingredienser - I korte numre fyldt til randen med riffs og rytmisk overskud. Disrule kan også bryste sig af to forsangere, et feature der skubber bandet helt ud over scenekanten.

I foråret 2015 indspillede bandet sin debutplade "Omen Possessor" i Lydpotten Studio. Pladen er mixet af Jacob Bredahl hos Dead Rat Studio og masteret af Brad Boatright hos Audiosiege. Disrule er pt igang med at finde et pladeselskab til udgivelsen.

Disrule:

Allan Segalt: Vokal og Bas.

Frank Sørensen: Guitar.

Søren Dybdal: Guitar.

NP Nielsen: Trommer og Vokal.
